Little Vernon Havens is much improved after a month's serious illness.

Miss Anna Coulter went to Meriden Tuesday evening to visit friends for a week.

Mr. Joe Millington returned home from the hospital Tuesday evening much improved.

Mrs. Guy Penny will go to Oswatimie Saturday to visit her father, Mr. Dolin, for a few days.

Mrs. Lydia Spatt returned from Kansas City today, where she has been spending the past week visiting friends.

Mrs. Frank Loud and son Arthur went to Swissham yesterday to visit her brother, Mr. Geo. Porter, for a few days.

Mr. and Mrs. Henry Dunninghauser and daughter Hattie returned home Wednesday from a two months' visit with relatives in Ohio.

Mrs. Grant Burdette of 445 Chandler street entertained the Mistletoe club at her home yesterday afternoon. A large crowd was present.

Mrs. Dee Alexander returned to her home in Newton yesterday after a short visit with relatives. Mrs. Jolley and son Harry accompanied her home for a week's visit.

Mr. and Mrs. John Thomas and daughters, Edna, Kate and Gladys, will leave in a short time for a trip to

Colorado, and will return home by the way of Pittsburg and Frontenac, Kansas, to visit relatives.

Mr. and Mrs. Sarles of Noblesville, Ind., are the guests of Mr. and Mrs. Chas. Haag of Jefferson street. Mr. and Mrs. Sarles and Mr. and Mrs. Haag will go to Kansas City and Cedar Springs Saturday to spend a week.

BRIDE ON HONEYMOON TRIP.

Miss Mabel Upham Weds E. J. Bowen and Then Goes Away to Camp Out.

Chicago, Aug. 9.—A husband is an unnecessary incubator on a honeymoon. In the opinion of Mrs. E. J. Bowen, who was married last Friday and immediately after the ceremony left her astonished husband and departed on a trip with a number of girl friends.

Mrs. Bowen is 21 years old and prior to her marriage acted as secretary at the Armington avenue settlement house. Her maiden name was Miss Mabel E. Upham and she lived with her parents at 1444 Humboldt boulevard. The first intimation of the family received of the marriage was when her sister read in the evening papers Mabel's name linked with that of E. J. Bowen in the list of marriage licenses.

The young woman long had been planning a camping trip with some of her girl friends, and Friday was the day set for the party's departure. Having packed her trunk and made all arrangements for the journey, Miss Upham left her home and returned in a couple of hours with the announcement that she was married. Her mother queried faintly as to the whereabouts and identity of her new son-in-law.

"Oh, it is no one you know," replied the bride, "and I do not know where he is just at present, but of course I have to go on my trip with the girls, and he could not come with me."

Bowen is a bookkeeper and is 25 years old.

MAY QUIT UMPIRING.

Dave Baker of the Western Association Not Sure It's a Snap.

Atchison, Kan., Aug. 9.—The Glove says: It is understood that Dave Baker has found out that umpiring is not such a snap as it is cracked up to be, and that he will not remain the month out with the Western association. Mr. Baker was in Atchison last night. He has made good as an umpire. In that league, are paid \$150 a month and traveling expenses. They have to pay their own hotel bills. They only have to work an hour and a half a day and this gives them too much time in which to spend their money. It is said that Baker told some one that working as a mail carrier at \$85 a month is better than umpiring at \$150 a month.

A PUGILISTIC SCANDAL.

Charged One Fight Is Broken Up in the Interest of Another.

Los Angeles, Aug. 9.—The Los Angeles sporting world is agog over another big pugilistic scandal, rivaling the O'Brien-Burns fiasco of some months ago. It is in connection with the practical calling off yesterday of the twenty round fight between Joe Gans and Jimmie Burdette, scheduled to take place before the Pacific Athletic club on August 16. Prominent San Francisco sporting men and representatives of the alleged "fight trust" are involved and are charged with having offered large sums of money to break up the match. The reason for this was that it interfered in various ways with the Britt-Gans match scheduled to take place in San Francisco early in September.

Penitentiary Meat Contracts.

Leavenworth, Kan., Aug. 9.—The board of directors of the Kansas penitentiary have let semiannual meat contracts as follows: Schwarbach & Sulzbacher Packing company, 100,000 pounds of fresh beef at \$4.58 a hundred; Armour Packing company, 8,000 pounds of Bologna at \$4.25 and 2,000 pounds of butterine at \$9.12; Fowler & Co., 12,000 pounds of beef hearts at \$2.25; Cudahy, 25,000 pounds of Jowls at \$5.50; Swift & Co., 40,000 pounds of liver at \$2.50.

SANTA FE NOTES

Brakeman Wortman is laying off at Argentine on account of sickness.

Engineer Link Galletly is running temporarily on the Maricopa runs.

Engineer N. F. Pouch is working in extra freight service for a few days.

Conductor Caldwell of Argentine is working temporarily in passenger service.

Fireman McHenry is laying off on his runs for a few days on account of sickness.

Fireman McGee is laying off on account of illness. He will return to work in a few days.

Fireman Lungstrum has been assigned to regular switch engine service in the local yards.

Engineer John Hoveland is back at work on his runs after having been off for some time.

W. C. Powers, chief chemist of the Santa Fe, went west yesterday on a tour of inspection.

W. L. Allison, mechanical engineer of the Santa Fe at Chicago, is in Topeka today on business.

Engineer Tennyson is laying off at his home in Argentine on account of a bad case of ptomaine poisoning.

Fireman McMillen, Böges, McCoy and O'Brien are in Topeka this week, taking the time card examination.

F. W. Savage of the advertising department of the Santa Fe is spending the week in Colorado on business.

Edward R. Bartlett, right of way agent for the Santa Fe, left last night for Ethel, Mo., on a business trip.

Engineer Robert Brentnall and Conductor Delahanty went east this morning in charge of the weed burner.

Engineer Dan Shannon has been temporarily assigned to runs Nos. 105 and 106 between Topeka and St. Joseph.

L. J. G. Knapp of the testing department is confined in the local hospital with a severe case of typhoid fever.

Engine No. 1081 was taken out on trial trip this morning and will be assigned to service within a few days.

Fireman Sumey is laying off in the local pool on account of illness and Fireman Stevens is holding down his turn.

John I. Kelly, foreman of the coal chutes at Argentine, was married last Monday to Miss Mae Gully of Argentine.

Conductor Flinn, who has been laying off at his home in Argentine for several days on account of sickness has returned to work.

Fireman Villot, of Argentine, has resigned his position at Argentine, and has severed his connection with the Santa Fe.

Engineer Robertson, of Argentine, who has been in La Junta for some time, has returned to his home and reported for duty.

Engineer E. Thomas who has been laying off on runs Nos. 1 and 2 between Topeka and Newton for several days has returned to work.

J. E. Brown, an expert machinist in the local shops, is expected home tomorrow from California where he has been spending his vacation.

The engine and cars which were demolished in the wreck at Red Rock, O. T., a few days ago have been brought into the local shops for repairs.

Engineer J. McKernan came in from Burlington, Mo., yesterday on No. 14 in place of Engineer Will Rain on account of Engineer Rain's engine being disabled.

M. A. Blanchard, civil engineer of the Santa Fe at Argentine, has been transferred to Newton and A. C. Bradley of the Missouri division has been appointed in his place at Argentine.

Fireman Halsdorf of Argentine has been transferred to Topeka and is at the present time working in the place of W. H. Lyons who has been running a switch engine in the local yards.

Fireman Cantrell of runs Nos. 51 and 52 between Topeka and Argentine was overcome by heat on the return trip Wednesday and it was necessary for the brakeman to fire the train into Topeka.

A change has been made by the Santa Fe in the handling of their red bull freight. Hereafter the reports all over the system will be made to General Manager J. E. Hurley instead of the respective general superintendents.

Harry M. Thompson, of the chemical department, has resigned his position and has left for Summerville, Texas, where he has accepted a position with the Texas Ties and Timber Preserving company, which company treats a large number of ties for the Santa Fe.

There is a vacancy for fireman on the fast mail runs between Kansas City and Newton in the place of Fireman Cantrell who has returned to freight service. Bids will be received until August 11 at which time the runs will be assigned to the oldest fireman making application.

Conductor Albert Cox of the Santa Fe who has been in charge of a work train at Toronto in Greenwood county has been brought into the local hospital on account of being injured in a dynamite explosion. The train was hauling rock and in the unloading of the rock were accustomed to use small discharges of dynamite. Owing to a delayed discharge, which was unknown to Mr. Cox he ventured too close and upon exploding Mr. Cox was blown ten feet away and his face was filled with small pieces of rock. His right eye was badly hurt. He is not seriously injured however and will be able to resume work again in the near future.

110 East Sixth Street.

WAIL OF DESPAIR.

Chinese Protest Violently Against Returning to German Ship.

San Francisco, Aug. 9.—A dramatic scene was enacted in the United States Commissioner Heacock's court room yesterday when it finally dawned upon the 24 Chinese who deserted the German ship Tolosan that they would have to go back to that vessel.

They had listened with anxious faces while the negotiations were being made between the Chinese, vice consul and the German consul. When their representative finally announced that he had done all he could for them and their case was hopeless, a concerted wail of despair went through the court room. Some of the Chinese threw themselves on their knees before the vice consul and begged him to save them from a voyage back to China on the Tolosan. Others cast themselves prostrate and beat their heads on the floor, begging their hair in the frenzy of mingled rage and despair. United States Marshal Elliott and his deputies tried in vain to restrain the men from such actions.

When the time arrived to take the men to the Howard street wharf, there to embark in launches and be taken to their ship, there was another uproar. Many of the Chinese refused to get up from the floor, even after they had been handcuffed, and had to be lifted bodily. Myosotis here in a hot game by a score of 8 to 11. Batteries—Braun and Walker; Ewell, Tucker, Ramsey and Arnett. Umpire—Ewart.

FOUND TOO EXPENSIVE.

Municipal Lighting of Williamsburg Bridge Is Abandoned.

New York, Aug. 9.—The electric lighting of the Williamsburg bridge, it is announced, will hereafter be furnished by a private company and not by the city as it had been confidently thought could be economically done. The city is now advertising for bids for illuminating the structure, a municipal ownership project for that purpose having proven disappointing. The bridge has been lighted by power ob-

tained from an incinerator for rubbish and waste at the bridge entrance. The plant cost \$85,000. Charles F. Lacombe, chief engineer of light and power, found that it cost approximately \$50,000 yearly to light the bridge from the incinerator, whereas a private company could do it equally well for half that amount. He therefore advised the discontinuance of the scheme. The plant will be used only as an incinerator in future.

CHRISTIAN SCIENTIST WEAKENS.

Calls in a Medical Doctor to Treat Him for Pleurisy.

Chicago, Aug. 9.—A dispatch to the Tribune from Boston says: Search for Joseph Armstrong, a prominent Christian Scientist of Boston, who is wanted to testify in connection with the taking depositions in the litigation against Mrs. Eddy, ended in the discovery that Armstrong is ill at his residence, 387 Commonwealth avenue. Contrary to the fundamental principles of the faith, he has been for six weeks under treatment of medical doctors for an attack of pleurisy. Armstrong was manager of the Christian Science Journal and publisher of all the Christian Science literature. He has been absent from his duties for weeks and it will be some time before he returns to them.

BAN ON TEDDY BEARS.

They Are Declared to Breed Idleness Among Children.

New York, Aug. 9.—Teachers in charge of the sewing department in the summer school at New York university have put a ban on the Teddy Bear, and henceforth the elaborate devotion showered upon it by school children will be discouraged. A great fear has arisen in the minds of pedagogues and others that the old-fashioned doll of our foremothers will soon become an extinct species of plaything.

In charge of Mrs. A. Jessup, the sewing department in the public schools of Manhattan includes teachers and supervisors from every section of the union who have come to New York to get the latest methods in needle and basket work, in weaving and dress-making to take back to their classes in the fall.

In speaking of the Teddy bear craze and its effect upon the children Mrs. Jessup said: "Formerly as I went about the city visiting the different schools, it was always a delight to me to see the little girls sitting about in groups making dolls' clothes or engaged in some bit of sewing that I knew they had learned in school. Now, instead of these domestic scenes, it is invariably a Teddy bear that is the center of attraction and the little hands are idle."

FOUR CONVICTS DIG OUT.

One Was in for Life and the Others Were Short Terms.

Vancouver, B. C., Aug. 9.—Bill Miner, under life sentence for robbing a Canadian Pacific railway train at Kamloops last year and three other convicts, J. W. Clarke, W. J. Woods and A. F. McCloskey, escaped yesterday afternoon from the Westminister penitentiary.

They had excavated a hole near a brick smoke stack and escaped into a field of the prison grounds. Although this field is surrounded by a high fence, the fugitives scaled this and got clear away. The negligence of a guard in patrolling the section of field near the smokestack is given by the warden as the cause of the escape. Clarke was a forger and a three year term; Woods was in for four years for theft and McCloskey seven years for house breaking.

Wrecked Passengers Floated 4 Hours. Klamath Falls, Ore., Aug. 9.—Fourteen passengers of the steamer Winema which was wrecked on upper Klamath lake by a strong wind, arrived on the steamer Horn. When the Winema sank in 30 feet of water Captain Hansbury floated ashore on the

gang plank, a distance of a mile and a half and secured help. The passengers floated about for four hours before the Hornet picked them up.

TO MAKE IT THE CAPITAL.

Steel Trust Will Invest \$45,000,000 More in Gary.

Chicago, Aug. 9.—Satisfied that Gary, Ind., will be the steel capital of the world, the directors of the United States Steel corporation have decided to invest an additional \$45,000,000 in the construction of the model city and steel plant just across the Indiana state line from Chicago, according to a report received at Gary yesterday. The \$45,000,000 is in addition to the original appropriation of \$75,000,000 estimated as the necessary outlay for the building of the plant and for the formation of a city which will house the score of thousands of workers who will be employed at Gary to operate the steel mills.

The excess appropriation is to be used in widening the scope and extent of the steel plant property. The cost of the building of Gary is included in the first estimate, which was made when it was proposed to transform a desert of drifting sand into a steel manufacturing city.

Workmen began on June 16, 1906, to convert the sand dunes of Lake Michigan near the mouth of Little Calumet river, into a city to accommodate a population of 50,000 persons. Already, Broadway, the principal business street, has been constructed for three miles and other work has been accomplished in proportion.

Many municipal works are planned for the requirements of a city of 500,000 population.

Shea Is Defeated.

Boston, Aug. 9.—The contest for the presidency of the teamsters union was settled today by the election of Daniel J. Tobin of Boston. Cornelius P. Shea of Chicago, president for four years, was defeated. The vote was: Tobin, 104; Shea, 94.
